Subject: TDD 0001/1508-04 Gold King Mine Blowout; Waiver From Contract Clause B.4 Travel, (d) (i) the Contractor's Primary mobilization point

Maria,

The staffing requirements for the Gold King Mine Blowout response necessitate the mobilization of technical staff from outside Region 8. Since no travel costs for the mobilization of personnel outside of the Region 8 primary mobilization point (Denver) are include in the contract fixed labor rates Weston respectively requests a waiver to allow billing of travel costs to the site from actual mobilization points beyond the primary mobilization point. Please let me know if you require additional information.

Thank you.
